

SureResults® Online – 6-Week Program

Proactive Maintenance for Your ISO System

Streamline your ISO compliance journey with our expert-guided approach.
We've simplified the process to save you time and resources.

DL

How is This Different

Remote Internal Audits

We offer complete remote auditing services, not just basic training.

Resource Efficiency

Our approach requires fewer internal resources than traditional methods.

Accessibility

ISO maintenance becomes accessible to companies of all sizes.

[MSI-international.com](https://www.msi-international.com) 760-434-9141

What's in it For You

Compliance Confidence

Sleep better knowing your ISO system meets all requirements. No more last-minute scrambling before audits.

Stress Reduction

Transform audit preparation from panic mode to business as usual. Our system keeps you ready year-round.

Clear Consulting Actions to SureResults

Follow our structured approach to maintain certification. We've mapped every step of the journey of ongoing maintenance.

MSI-international.com 760-434-9141

Week 2: Internal Audit #1

Remote Audit

Our expert team conducts a comprehensive remote internal audit, focusing on your Internal Audit and Corrective Action Programs.

Findings Report

Receive a detailed audit findings report highlighting risk areas and opportunities for improvement.

1:1 Review Session

Participate in a personalized review session to thoroughly understand your results and next steps.

Week 3: Corrective Action Planning

Guided Workshop

Participate in our structured workshop designed to help your team prioritize and efficiently assign corrective actions based on audit findings.

Root Cause Analysis Tools

Access our proven templates and analytical tools that simplify the process of identifying underlying issues rather than just symptoms.

Leadership Coaching

Optional specialized coaching sessions for team leaders to enhance their ability to implement and maintain ISO standards.

Week 4: Internal Audit #2

Follow-up Audit

Our consultants conduct a comprehensive follow-up audit to assess your progress and validate that corrective actions have been effectively implemented.

Compliance Scorecard

Receive an updated, quantitative compliance scorecard that clearly shows your progress and remaining gaps.

Leadership Report

Get a concise stakeholder summary report designed specifically for executive leadership, highlighting key achievements and remaining focus areas.

Week 5: System Optimization

Performance

Optimize your system performance through data-driven insights and continuous improvement of key operational metrics

Documentation Review

Optimize your documentation structure and control systems for maximum efficiency.

Scope Expansion

Optional add-on modules available for expanded certification scope or preparation for additional standards.

Week 6: Final Review + Audit Prep

In this final week, we conduct a comprehensive audit simulation that mimics the actual certification experience. You'll receive a detailed readiness checklist and an executive summary with clear recommendations for your certification journey and continuous improvement.
